A) Interactive discussions

Online learning is rapidly becoming one of the most effective ways to impart education. The impact of the virus was so strong that online education became a seemingly ubiquitous part of our growing world, which resulted in the closure of schools and no further physical interaction of teachers with students. Fortunately, soon enough most of the schools and educational institutions moved to online mode to resume their studies. As a result, education has changed dramatically, with the distinctive rise of e-learning, whereby teaching is undertaken remotely on digital platforms instead of physical classrooms.

B) MoU

Pravara Rural College of Education has entered into MoUs with various educational and social organizations in the last five years. The educational department includes local secondary schools, teachers' schools and colleges of education. Various educational activities were implemented with these colleges and schools in the last five years. It mainly included practical lessons and internships. Every year in this school B. Ed and M. Ed students go for student services. The social section includes the Self Employed Balasram at Sangamner and the APJ Abdul Kalam Science Centre. AIDS-afflicted and orphaned children are cared for at the Self-Employed Balasram at Sangamner. By meeting these students, a social feeling is created among the B.Ed and M.Ed students.

B) Rangoli Competition

Rangoli ,which is a traditional art form and has been followed since ages, is considered to be a sacred welcoming area for the Hindu dieties. It is drawn in front of houses as a matter of faith and tradition and is believed to bring good luck. With the objective of promoting creativity and skill, the Pravara Rural College of Education organised Rangoli making competition on the theme 'Diwali'. Participants where required to send the pictures of their rangoli. Different innovative material where used by the participants for making rangolis.The Participantsenthusiastically took part in the competition and displayed greatzeal.They got an opportunity to show their artistic skills.

C) Innovative Lessons

There is a great challenge faced by schools and colleges due to explosion in the field of knowledge. Traditional methods have been found not so useful in today's classrooms. Viewing these changes in Instructional design, Bloom's Taxonomy, we always take a step forward to research new methods of teaching. Pravara Rural College of Education inculcates research culture among the Students encouraging novel thinking.
